To Whom It May Concern:

Dan and Jan Preciado, the leaders and co-founders of Family Forest Ministries, are responding to the needs of a previously neglected segment of the Church. As a former pastor and presbyter, I see the tremendous need of a Bible-based ministry to "Blended Families." I consider Dan and Jan to be my personal friends and colleagues in ministry. They have a vision from the Lord, a passion for people, and communication skills, which enable them to bring encouragement, healing, and restoration to the Family of God. I wholeheartedly recommend the ministry of Family Forest Ministries.

Sincerely,
